

Saul Preserve Scavenger Hunt

All of the items below can be found in Saul Wildlife Preserve during the summer. Nothing was added to the preserve for this scavenger hunt. The items are meant to be found, observed, and photographed if you'd like, but not collected, please.

It will be difficult to find all of these things in one day. Finding some will take patience and luck. Don't get discouraged! There's no time limit, so just come back to Saul often.

We hope this list helps you learn more about the preserve around you. Slow down, look up, take a different trail you don't usually take, and have fun!

- A fish
- A turtle
- A toad
- A tadpole
- A butterfly
- A water bug
- A spiderweb
- A native flower
- The Wolf Tree
- A wooden slide
- A hallway of trees
- An owl's house
- A caged sapling
- A rock that looks like a saw
- A tree that's actually a branch (hint: look up while on one of the trails!)
- A leaf bigger than your face
- A freshwater clam shell
- A pottery shard
- Old bricks in the path
- A tree that's been "freed" of its ivy.
- A very bumpy tree
- Wooden seating for four
- A giant see-saw
- The underside of a tree
- A tree with a hole in it
